Provision 2

<https://www.fns.usda.gov/cn/provisions-1-2-and-3>

Participation in the CEP eliminates the need for Free and Reduced Lunch forms for the purpose of the school meal program.

Meal Applications Impact:

- Title I programs
- E-rate funding
- MAEP funding
- State funding for economically disadvantaged students

- “Local Survey”
 - Some CEP districts decide to continue to collect and process income applications even though not required for the provision of meals in the CEP. If this is the case, the cost and labor associated with processing applications cannot be borne by the CN program and should be covered by the LEA
 - Title 1 Part A funds may be used to conduct a local survey if the individual student data is not required for state or local purposes (*funds may supplement, not supplant*); and use of funds is reasonable and necessary

- [SP 10-2023: Updated Title 1 Guidance for Making Within District Allocations](#)
- CEP Data (*site level ISPs which are published annually*) may be utilized to allocate Title 1 funds to schools and school attendance areas
- Application of the 1.6 multiplier (*even though it is used to determine the USDA reimbursement amount for CEP*) is not required for Title 1 ranking and allocation purposes.
