TEACHERS CONFERENCE

JULY 10-11 • MSU RILEY CENTER

MISSISSIPPI
DEPARTMENT OF
EDUCATION

KEYNOTE SPEAKERS

Maranda Joiner (Mental Health and Wellness)

Succeed and Elevate

Maranda Joiner is a former radio personality, brand consultant, author, and speaker who quit her job to help as many entrepreneurs as possible feel connected, seen, and heard. She is the CEO and co-founder of Succeed and Elevate, a nonprofit dedicated to helping small entrepreneurs manage their mental health. Her organization provides practical tools to manage burnout, stress, and anxiety. She has consulted hundreds of business owners on branding and marketing and conducts trainings, workshops, and seminars for organizations on leadership, team building, and burnout. She has been a guest on numerous podcasts and written articles supporting entrepreneurs so they can feel safe, seen, and supported on their way to success. She has also consulted and served as the brand manager for talent, placing them in a position to perform at Essence, on Comedy Central, and TruTV. She is the author of *A Lot A Like, What Every Entrepreneur Should Know About Branding and Purpose*. She hosted TEDx Jackson and currently serves on the MS Museum of Art's Community Advisory Council. She aims to help as many entrepreneurs, business owners, and creatives as possible realize their unique brand voice and change the world through their work.

Dr. Tommie Mabry (Building Culture Through Content)

Tommie Mabry Company

Dr. Tommie Mabry is a renowned international speaker, nationally acclaimed educator, and published author of books like *A Dark Journey to a Light Future: A Memoir*. His story of the trials, success, and service has inspired millions around the world. News of Dr. Mabry's achievements instantly went viral, breaking national headlines. Dr. Mabry has appeared on USA Today, PBS Network, FOX Soul and many more. Dr. Tommie Mabry grew up in one of Jackson, Mississippi's roughest neighborhoods. Trouble followed him everywhere before and after fifth grade when he was arrested for breaking into the state fairgrounds. After that arrest, he was suspended or expelled from several schools due to his behavior. A judge once prophesized that in five years his attitude would either get him killed or incarcerated. Tommie grinned at the judge who did not know that the "monster" lurking within him was fueled by the prophecy. Things started to change for Tommie when he joined an AAU basketball league that traveled around the world. He was the first person in his family to graduate from high school when he crossed the stage at Bailey Magnet in 2007. Although he was shot in the foot after skipping school during his senior year, Tommie healed and received a full basketball scholarship to Missouri State University-West Plains. He later received a B.A. cum laude in Education from Tougaloo College and his M.A. in Child Development in 2017. After his undergraduate studies, Tommie was hired as a teacher by the same Jackson Public School District that had suspended and expelled him many times during elementary and secondary education. Dr. Mabry's story and achievements have enabled him to use his voice to inspire and impact millions as a renowned speaker. Dr. Mabry received his Doctorate Degree, an Executive Ph.D. from Jackson State University in 2020, where he majored in Urban Higher Education. He has written and published four books that target all age groups. He travels the world sharing his story to motivate and inspire others – and he lives by the motto, "I cannot walk in my future with my foot in my past." In 2022, Corwin honored Dr. Mabry with the New Voices Award for his book *Perspective! The Secret to Student Motivation and Success*.

Shauna Waters (Closing)

2024 Mississippi Teacher of the Year

Shauna Waters has been a teacher since 2001. She has taught in Indiana University's Intensive English program in the Comparative Cultures department of Aichi University in Toyohashi, Japan and is currently the dual-enrollment English Composition I instructor, AP English Literature and Composition teacher, senior English teacher, honors sophomore English teacher, Academic Team sponsor, Tech Champion, newspaper adviser, and National Honor Society adviser at West Lauderdale High School in Collinsville, Mississippi. She served as a Reader for the Advanced Placement English Literature and Composition national exam in 2010, 2011, and 2014 - 2023. She traveled to Brazil as a fellow in the 2011-2012 cohort of the US State Department/IREX Teachers for Global Classrooms program, was a member of the 2013 National Endowment for the Humanities/Primary Source Summer Institute in Turkey on the history and legacy of the Ottoman Empire, and was a participant in the Folger Shakespeare Library's 2015 Teaching Shakespeare Institute Summer Academy. In her rare spare time, she enjoys traveling, messing about with her camera or her collection of fountain pens, reading things not required for teaching, and spending time with the assorted cats and dogs who have adopted her.

Maranda Joiner, Succeed and Elevate

Breakout Key

 Joyful School Communities	 Culture Building Through Content	 Mental Health and Wellness	 Teacher Leadership Opportunities	 Teacher Recruitment and Retention	 Work Life Balance
---	--	--	--	---	--

Breakout 1

10:00 – 11:00 a.m.

Co-Teaching

2A

Kristi Higginbotham & Melanie Watkins- Mississippi Department of Education

This training provides participants an opportunity to familiarize themselves with the six models of co-teaching. Participants will explore the roles and responsibilities of the general education and special education teacher using the High Leverage Practices (HLP) document.

Target Audience: Veteran Teachers; Novice Teachers (0-3 years); Elementary Teachers; Secondary Teachers; Lead Teachers/Teacher Leaders

Power of a Positive Classroom: Mindset and Relationships

2B

Megan Hodge- Mississippi Department of Education

In this training, participants will reflect on the role of the teacher in creating a positive classroom culture by identifying strategies for maintaining a positive mindset and building strong teacher-student relationships.

Target Audience: Novice Teachers (0-3 years); Veteran Teachers; Elementary Teachers; Secondary Teachers

Making Math Memorable

2C

Marlena Nance & Rufus Hill- Mississippi Department of Education

This session will provide teachers with fun, innovative ways to deliver memorable math lessons and empower them to think outside the box in their teaching method.

Target Audience: All Conference Attendees

Early Childhood Trauma Informed Practices

2D

Adelaida Melendez- SPED Strategies

In this professional learning session, participants will define trauma and explore its impact on early childhood learners. They will identify key elements of trauma-informed care, reflect on the importance of adult presence and self-care, and learn strategies to support early childhood learners and their families within a trauma-informed care framework.

Target Audience: All Conference Attendees

Strategies for Keeping Early Career Educators Engaged and Thriving

3B

Candace McClendon- Mississippi Association of New Teachers

Feeling the urge to hit the eject button? Let's talk about turning that quit into grit. We're tackling the real stuff—mentorships that matter, PD that pops, and how to build your tribe. We address early career educator challenges with realistic strategies and solutions that empower you to thrive.

Target Audience: Novice Teachers (0-3 years); Elementary Teachers; Secondary Teachers

Strengthening Teacher Communities with The Marigold Effect

3C

Kandra Wilkins- Mississippi Department of Education

In the challenging and dynamic environment of education, having a supportive network of colleagues can make all the difference. This session is designed to help educators identify and nurture relationships with positive, supportive peers called "marigolds."

Target Audience: All Conference Attendees

Designing and Delivering Explicit Instruction

3D

Christy Hunt- Mississippi Department of Education

In this session, participants will analyze effective teaching elements that, when implemented appropriately, can provide appropriate amounts of clarity, guidance, and support to students who would have difficulty learning without them.

Target Audience: Novice Teachers (0-3 years)

Enhancing Science Classrooms: Gale Interactive Resources

4B

Cynda Wood - Gale

Discover the power of Gale's interactive science resources, designed to support instruction and supplement science curriculum. Aimed at secondary science teachers, this session unlocks a wealth of tools and best practices to elevate resources available from the MS DOE. Don't miss this opportunity to engage students in dynamic scientific exploration.

Target Audience: Novice Teachers (0-3 years); Veteran Teachers; Secondary Teachers; Lead Teachers/Teacher Leaders

Lunch

11:00 – 12:00 p.m.

Lunch and Learn

Exhibit Hall

Breakout 2

12:15 – 1:15 p.m.

Building a School with PRIDE

2A

Kristen Fondren & Alexis Bush-Logan- Belle-Shivers Middle School

This presentation will focus on building and sustaining a culture of PRIDE within the school building. Attendees will leave with techniques that they can utilize within their classrooms or building to grow a positive environment. These techniques will also lead to better teacher-student relationships.

Target Audience: Novice Teachers (0-3 years); Lead Teachers/Teacher Leaders; Veteran Teachers

Behavior Strategies for THAT Student

2B

Melanie Wells- Rankin County School District

How do you motivate THAT student? Do you need help motivating students who are unmotivated and apathetic? Join this session to learn behavior strategies focused on the whole child and their social, emotional, and behavioral needs. Leave with strategies you can implement immediately. Hakuna Matata – it means no worries.

Target Audience: All Conference Attendees

Personality Inventories: Beyond the Meme: Building More Positive Teams

2C

Anita Wansley, Zachari Ruff & Linda Weir- Lauderdale County School District

This workshop will explore several personality inventory tools such as 16 personalities, Strength finders, Working genius, and the Enneagram. Attendees will explore tools to discover their strengths and how to put those to effective use, as well as learn about others' strengths, weaknesses, and motivations in order to resolve conflict, communicate better, and build stronger teams.

Target Audience: All Conference Attendees

MSCUP Pilot Program and Smartrack Surveys

2D

Lance Harden & Shelby Ford- Mississippi Public Health Institute

Presentation is about the MSCUP pilot project for Fentanyl prevention programs in schools and the use of Smartrack for data surveys of use in the community.

Target Audience: All Conference Attendees

Growing Readers- Using School-Wide Focus Texts and Common Literacy Links

3B

Ashlee Martin & Stephen Cooper- Booneville School District & Heartbeat Education Group

In recent years, students seem to be losing retention of core educational concepts from year to year. We have successfully created and implemented strategies to help building a commonality between grades in a school-wide literacy plan. Teachers and Administrators will leave with engaging ideas and a practical implementation strategy to unite their school's students in a love of literacy. We will present common graphic organizers, suggested focus texts, and more! This is not a sit and get workshop, it's a hands-on exploration of proven practices that will produce leaps in literacy skill retention.

Target Audience: All Conference Attendees

Mental Health Matters: The ABCs of Implementing Emotional Intelligence in Your Classroom

3C

Clayton Barksdale- West Mississippi Education Consortium

Educators should attend the conference on "Mental Health Matters: The ABCs of Implementing Emotional Intelligence in Your Classroom" to gain invaluable insights and strategies for enhancing their emotional intelligence. The conference offers practical lessons focused on mental health components, equipping educators to create a supportive and empathetic classroom environment.

Target Audience: All Conference Attendees

Access For All

3D

Stacy Davis- Mississippi Department of Education

Participants will examine the 4 types of adaptations, 6 deficit areas, and determine appropriate adaptations for specific student scenarios based on information in the Access for All Guide.

Target Audience: All Conference Attendees

Culturally Responsive Practices in PreK-12 Education

4B

Elina Dyo- Mississippi Valley State University

Explore culturally responsive strategies that enhance PreK-12 education through this presentation. Discover how to create inclusive classrooms with practical, actionable strategies drawn from research and case studies, ensuring every student feels valued and empowered. Perfect for educators seeking to foster respect and understanding across diverse student backgrounds.

Target Audience: All Conference Attendees

Breakout 3

1:30 – 2:30 p.m.

The Power of Interdisciplinary Teams

4B

Jordan German & Jake Kealhofer- Mississippi Public Broadcasting

Interdisciplinary teams are a great way to build strong, lasting relationships with other teachers and help facilitate learning by students by approaching topics through a wide variety of diverse perspectives. Learn from the MPB team as they bring expertise from their varying disciplines.

Target Audience: All Conference Attendees

Inspiring Students using Growth Mindset Strategies

2B

Bridgette Davis- The University of Southern Mississippi

Tania Hanna- Mississippi State University

Join Drs. Davis and Hanna to learn how Growth Mindset strategies can transform your classroom culture. This session offers practical methods to inspire students, foster resilience, encourage empathy, and create a supportive and inclusive environment. Enhance your teaching and student engagement through these effective approaches.

Target Audience: All Conference Attendees

**Building Classroom Culture Through Historical Debate and Decision Making:
Engaging Activities for Social Studies Classrooms**

2C

*Matthew Blackwell & Alisha Milam- Mississippi State University- Meridian Division
of Education*

This proposal includes practical uses of Robert Stahl's research related to values-based decision making by providing examples of student activities, especially those related to cooperative learning and historical decision making. These activities can be utilized to increase student engagement, interest in the social studies curriculum, and as an effective instructional tool for both new and experienced teachers.

Target Audience: Novice Teachers (0-3 years); Secondary Teachers; Veteran Teachers

Free Resources for Your Classroom (Pre-K to 12th Grade) from MAGNOLIA

2D

Kristen Hillman- Mississippi Library Commission

The MS State Legislature provides over \$1.3 million a year for MAGNOLIA Library Resources, a collection of databases and learning tools that can help your students succeed at home and at school. Learn what is new with MAGNOLIA, for veterans, and see what tips and tricks you can use for safe, ad-free researching with MAGNOLIA. www.magnolia.lib.ms.us.

Target Audience: All Conference Attendees

**Empowering Educators: Inspiring AI Integration in the Classroom with the
Mississippi Artificial Intelligence Network (MAIN)**

3B

*Kollin Napier- Mississippi Artificial Intelligence Network (MAIN) &
Mississippi Gulf Coast Community College (MGCCC)*

Discover how the Mississippi Artificial Intelligence Network (MAIN) provides AI leadership, education, and training statewide. Learn strategies to integrate AI into K-12 classrooms, gain insights, explore innovative tools, and access free courses designed to inspire and empower educators. Elevate your teaching with MAIN's AI resources and support.

Target Audience: All Conference Attendees

PERS 101

3C

Fazenda Young- Public Employees' Retirement System (PERS)

Join us for PERS 101 where PERS staff will provide comprehensive information about your retirement benefits, available benefit options, and information on the retirement process.

Target Audience: All Conference Attendees

But I'm Not a Math Person...

3D

Kanequa Willis & Rufus Hill- Mississippi Department of Education

In a world full of math, many proclaim to not be "math people". This session will look at how math is embedded in every aspect of our daily lives. Teachers will walk away with realistic strategies to address math in across subjects like science, history, English, and the arts.

Target Audience: All Conference Attendees

The Cognitive Biases Blocking Your Happiest and Most Effective Teaching

4B

Kevin Parkinson- Alliance for Decision Education

Our brains use shortcuts when forming judgments and making decisions. In general, these are helpful, as they decrease our mental load, usually without us even realizing it. However, they often result in errors and can make us less happy. This session addresses how to recognize and resist cognitive biases.

Target Audience: All Conference Attendees

Breakout 4

2:45 – 3:45 p.m.

Establishing Equity & Inclusion in Educational Practices

2A

Erin Hendricks- Mississippi Department of Education & University of Mississippi

In this session participants will discuss the ways to create a culture of equity and inclusion within their classrooms, and within their school.

Target Audience: Novice Teachers (0-3 years); Elementary Teachers; Secondary Teachers

UDL and the Reluctant Learner: Strategies for Creating Expert Learners

2B

Shana Middleton & Paige Davis- REACH MS

Discover how Universal Design for Learning can be the key to unlocking the potential of reluctant learners, guiding them towards becoming expert learners who are adaptive, motivated, and strategic. This session offers a lifeline to educators seeking effective, manageable strategies to inspire and engage all students, even in the face of resistance.

Target Audience: All Conference Attendees

Understanding Autism in the Inclusive Classroom

2C

Denise Harrison - Mississippi Department of Education

The focus of this session is to enable participants to identify the characteristics of Autism and to provide strategies to help students succeed in the inclusive classroom. Participants will describe the characteristics of students with Autism, and participants will be able to describe strategies to help students with Autism to succeed in the school environment.

Target Audience: All Conference Attendees

Teaching with Phenomena

2D

Kevin Gaylor - Mississippi Department of Education

This session is designed to help science educators identify and select various types of natural or man-made phenomena to anchor science teaching and learning.

Target Audience: All Conference Attendees

Now You're Speaking My Language

3B

Daniel Truelove Jr., Trueloves Way, LLC

This session will help develop effective communication skills to become a more ConnectED school. Relationships are the thermostat that controls a school's climate and culture. This session will help with self-awareness, motivation, and fulfillment so that you're able to bring the best version of yourself to school every day.

Target Audience: All Conference Attendees

Leadership Unlocked: Exploring Opportunities for Teacher Leadership within Your School!

3C

Braxton Stowe & Douglas Davis- University of Mississippi

Discover the vital role of teacher leaders in shaping school reform and improvement. This session dives into the conceptual framework of teacher leadership, exploring what makes a school culture ripe for successful teacher leadership opportunities. Participants will reflect on their leadership style and carve out a path to embrace exciting teacher leadership opportunities within their school.

Target Audience: Secondary Teachers; Elementary Teachers; Veteran Teachers; Novice Teachers (0-3 years)

From Surviving to Thriving: Pushing for Proficiency

3D

Rufus Hill & Kanequa Willis- Mississippi Department of Education

The session will present strategies for engagement, discourse, and authentic learning experiences that shift instruction from mundane to marvelous! The goal is to equip teachers with fun and innovative approaches to engaging students and pushing them to their maximum potential.

Target Audience: All Conference Attendees

Help Your Students Make Better Decisions: Introducing the Most Important 21st Century Skill to be Taught in Every School

2D

Kevin Parkinson- Alliance for Decision Education

Students' life outcomes are the result of chance and their decision quality. We can't control chance, but we can teach students to make better decisions. This session will introduce decision science, a field developed over 60 years to improve decisions through learning and practice.

Target Audience: All Conference Attendees

Closing

4:00 – 4:30 p.m.

Historic Theater

SCHEDULE: THURSDAY, JULY 11

7:30 - 8:15 a.m.

Building Culture Through Content

Dr. Tommie Mabry, *Founder of Tommie Mabry Company*

Breakout 5

9:30 – 10:30 a.m.

Culturally Relevant and Responsive Arts Integration across Content Areas

2A

Qjana Cutts Givens- Mississippi State University

Participants will explore culturally relevant and responsive arts integration (CRRAI) and understand culture and arts as foundational aspects of teaching within and across content areas. Participants will embrace creative and critical thinking to develop CRRAI lesson plans that meet curriculum and assessment standards and center students' communities.

Target Audience: All Conference Attendees

Working Through Conflict and Forgiveness in Our Lives

2B

Richard Balkin- The University of Mississippi

Issues of conflict and forgiveness impact our relationships. How we recognize and work through conflict may impact well-being and life-satisfaction. In this presentation we will introduce essential components to understanding forgiveness and how conflicts may be addressed, and perhaps alleviated or at least worked through.

Target Audience: All Conference Attendees

Practical Strategies for STEM Opportunities

2C

Michelle Stubbs- Mississippi State University- Meridian

Dunnam Shirley- Southeast Lauderdale Middle School

Creating a culture where students are engaged and focused on finding real world solutions is a goal of classroom teachers in today's STEM driven society. This session will build teacher capacity by demonstrating practical strategies that will incorporate STEM opportunities in classroom instruction.

Target Audience: All Conference Attendees

Lions, Tigers, and Bears, Oh My!

2D

Noel Cochran- William Carey University

Through a humorous blend of wit and wisdom, participants will explore the journey of when and how personalities are made or altered. Participants will have the opportunity to integrate this knowledge into a strategy for conflict resolution and cooperative decision making that will tame the most savage beast.

Target Audience: All Conference Attendees

A Light that Cannot Be Hidden: It Is Your Time to Lead and Inspire.

3B

Daaiyah Heard- Mississippi Department of Education

This presentation empowers you to step out of the shadows and into the spotlight by encouraging you to submit national conference proposals, lead transformative workshops, and publish groundbreaking articles. By sharing your unique insights and experiences, you can ignite change, inspire your peers, and start an educational revolution. We need your voice; we need you.

Target Audience: All Conference Attendees

2024 Legislative Session: Your Voices Brought Big Wins!

3C

Nancy Loomer & Vandria Dampier- The Parents' Campaign

The 2024 Legislative Session was a win for public schools! Learn about changes that could mean more funding for your schools, a new benefit for retired educators, the future of teacher pay, and how your voice can ensure a brighter future for Mississippi students and teachers.

Target Audience: All Conference Attendees

Education Policy: Let Your Voice be Heard

3D

Kelly Riley- Mississippi Professional Educators

This session will share the importance of educators' advocacy efforts with state policymakers and present simple steps educators may take to become more engaged in education policy. The session will share resources to support educators' advocacy efforts, as well as highlight significant legislation passed during the 2024 Legislative Session.

Target Audience: All Conference Attendees

Visual Literacy: Using Art and Culture to Support English Learners

4B

Sandra Elliott- Mississippi Department of Education

Participants will explore methods for leading group discussions by using cultural works of art to connect with English learners. Presenters will use thematic connections in visual works of art and oral language strategies to provide participants with methods for creating language connections to build oral language fluency and writing skills.

Target Audience: All Conference Attendees

Breakout 6

10:45 – 11:45 a.m.

School-Based Student Support: A Collaborative Approach To Encouraging Student Mental Wellness

2A

Erica Montgomery, Cameron Douglas & Cheneir Washington- University of Mississippi – Counselor Education

Mental health and wellness is a growing concern for school children of all ages. Join us as we discuss the details of a school based mental health curriculum designed to empower students and staff to address these concerns collaboratively.

Target Audience: All Conference Attendees

Cultivating Belonging - JPS Keys to Teacher Retention

2B

Tommy Nalls & Janet Wallace- Jackson Public School District

Discover how to enhance teacher retention through aligning recruitment with mission statements, fostering belonging during onboarding, and implementing effective mentorship. Participants will learn actionable strategies for integrating organizational goals into recruitment practices, creating inclusive onboarding experiences, and establishing mentorship programs for sustained support. Attendees will leave equipped to revitalize their institutions with cohesive teams and empowered educators.

Target Audience: All Conference Attendees

Empowering Literacy: Mastering Syllabication and the Schwa Sound in the Classroom

2C

Karie Tonore- William Carey University

Join us for an engaging and interactive session designed specifically for K-6 teachers on the crucial topics of syllabication and the schwa sound. This workshop will provide you with the tools and techniques needed to effectively teach these concepts to your students, ensuring they develop strong foundational literacy skills.

Target Audience: All Conference Attendees

Tax-deferred Retirement Saving

2D

LaTaura Wilson- MS Government Employees' Deferred Compensation Plan & Trust

Target Audience: All Conference Attendees

Modeling the Way - Who Makes the School Joyful?

3B

Dennis Bunch & Angus Mungal- The University of Mississippi

This session provides insights for teachers aiding in developing a positive school culture. Kouzes and Posner's Five Pillars of Leadership provide a framework to conceptualize the Elevate conference's six focus areas. We illustrate connections between the focus areas tying content to the practice of teachers and school leaders.

Target Audience: All Conference Attendees

PERS 101

3C

Cheyann Washington- Public Employees' Retirement System (PERS)

Join us for PERS 101 where PERS staff will provide comprehensive information about your retirement benefits, available benefit options, and information on the retirement process.

Target Audience: All Conference Attendees

Representing Math Problems with Pictures, Tables, and Actions

Ayana Hudson & Audarshia Flagg - Catapult Learning

★

A step of problem solving commonly skipped is the representation of problems. Reformulating a problem as a picture, table, or actions can clarify the problem itself and lead to better strategizing. We'll also explore opportunities for increasing learner voice so students can take ownership of their learning.

Target Audience: All Conference Attendees

3D

What's Knowledge Got To Do With It?

Jill Hoda & Kelli Crain- Mississippi Department of Education

★

Understanding The Acquisition of Reading; Debunking The Comprehension Myth; Revealing The Comprehension Truth; Determining The Critical Role of Knowledge; Internalizing Instructional Implications of Knowledge; Building Background Knowledge; Utilizing Knowledge Building Curriculum.
