SECTION 1. Section 37-13-171, Mississippi Code of 1972, is amended as follows:

37-13-171. (1) The local school board of every public school district shall adopt a policy to implement abstinence-only or abstinence-plus education into its curriculum by June 30, 2012,
which instruction in those subjects shall be implemented not later
than the start of the 2012-2013 school year or the local school
board shall adopt the program which has been developed by the
Mississippi Department of Human Services and the Mississippi
Department of Health. The State Department of Education shall
approve each district's curriculum for sex-related education and
shall establish a protocol to be used by districts to provide
continuity in teaching the approved curriculum in a manner that is
age, grade and developmentally appropriate.

(2) Abstinence-only education shall remain the state
standard for any sex-related education taught in the public
schools. For purposes of this section, abstinence-only education
includes any type of instruction or program which, at an
appropriate age and grade:

(a) Teaches the social, psychological and health gains
to be realized by abstaining from sexual activity, and the likely
negative psychological and physical effects of not abstaining;

(b) Teaches the harmful consequences to the child, the
child's parents and society that bearing children out of wedlock
is likely to produce, including the health, educational, financial
and other difficulties the child and his or her parents are likely
to face, as well as the inappropriateness of the social and
economic burden placed on others;

(c) Teaches that unwanted sexual advances are
irresponsible and teaches how to reject sexual advances and how
alcohol and drug use increases vulnerability to sexual advances;

(d) Teaches that abstinence from sexual activity before
marriage, and fidelity within marriage, is the only certain way to

related health problems. The instruction or program may include a
discussion on condoms or contraceptives, but only if that
discussion includes a factual presentation of the risks and
failure rates of those contraceptives. In no case shall the
instruction or program include any demonstration of how condoms or
other contraceptives are applied;

(e) Teaches the current state law related to sexual
conduct, including forcible rape, statutory rape, paternity
establishment, child support and homosexual activity; and

(f) Teaches that a mutually faithful, monogamous
relationship in the context of marriage is the only appropriate
setting for sexual intercourse.

(3) A program or instruction on sex-related education need
not include every component listed in subsection (2) of this
section for abstinence-only education. However, no program or
instruction under an abstinence-only curriculum may include
anything that contradicts the excluded components. For purposes
of this section, abstinence-plus education includes every
component listed under subsection (2) of this section that is age
and grade appropriate, in addition to any other programmatic or
instructional component approved by the department, which shall
not include instruction and demonstrations on the application and
use of condoms. Abstinence-plus education may discuss other
contraceptives, the nature, causes and effects of sexually
transmitted diseases, or the prevention of sexually transmitted
diseases, including HIV/AIDS, along with a factual presentation of
the risks and failure rates.

(4) Any course containing sex-related education offered in
the public schools shall include instruction in either
abstinence-only or abstinence-plus education.

(5) Local school districts, in their discretion, may host
programs designed to teach parents how to discuss abstinence with
their children.

(6) There shall be no effort in either an abstinence-only or
an abstinence-plus curriculum to teach that abortion can be used
to prevent the birth of a baby.
(7) At all times when sex-related education is discussed or taught, boys and girls shall be separated according to gender into different classrooms, sex-related education instruction may not be conducted when boys and girls are in the company of any students of the opposite gender.
