

# State-Adopted Curricula ELA HQIM Reports: 9-12 Final Reports

The reports produced from the state's review process contain information districts and teachers can use to:

- 1) determine if they are using HQIM in their classrooms, and
- 2) better understand the strengths, weaknesses, and opportunities within their materials to support strong implementation that benefit students.

**Gateway 1** indicators ensure high-quality texts are the central focus of lessons, are at the appropriate grade level text complexity, and are accompanied by quality tasks aligned to the college and career-ready standards of reading, writing, speaking, listening, and language in service to grow literacy skills.

**Gateway 2** indicators focus on the ways in which materials build knowledge through integrated reading, writing, speaking, listening, and language.

**Gateway 3** indicators examine the ways in which materials support teachers to fully utilize the curriculum, understand the skills and learning of their students, and support a range of learners.

## Gateway 1: Text Quality and Complexity and Alignment to the Standards with Tasks and Questions Grounded in Evidence

High-quality texts are the central focus of lessons, are at the appropriate grade level text complexity, and are accompanied by quality tasks aligned to the college and career-ready standards of reading, writing, speaking, listening, and language in service to grow literacy skills.
